

Name _____

Rival Siblings

Short Answer Key

1. Both Sarah and David are assigned to retrieve a stolen bioweapon from the Crimson Serpent terrorist organization. It is significant because the bioweapon could cause a global catastrophe if not recovered.
2. The conflict between Sarah and David creates tension and mistrust between them. It influences their choices, making them hesitant to fully trust each other. They must constantly navigate their loyalty to family and their duty to their respective agencies.
3. They face challenges such as the presence of a mole within one of the agencies, dealing with the formidable Crimson Serpent, and reconciling their differing agency goals. They overcome these challenges through teamwork, resourcefulness, and a shared determination to prevent a catastrophe.
4. The mole is a character named Alex, who was part of Sarah's agency. The consequences of Alex's actions include compromised mission objectives, endangering both Sarah and David, and causing distrust within the agency.
5. The central theme of "Rival Siblings" is the conflict between loyalty to family and loyalty to one's organization, highlighting the complexity of relationships in the world of espionage and the importance of trust and cooperation.
