

Name _____

Robot Dogs Assist Firefighters in Brave Rescue Mission!

Short Answer Key

1. The situation in the skyscraper seemed dire because there was a massive fire on the upper floors, and trapped residents needed help. The rescue was carried out by the robotic dogs and firefighters.
2. The robotic dogs assisted in the rescue mission by navigating through smoke and heat, locating trapped residents, and helping to rescue them. Their importance lies in their ability to reach areas where humans may have difficulty accessing.
3. The city is celebrating the actions of both the human firefighters and the Robo-Canine Squad by hailing their incredible rescue mission and teamwork. They are considered heroes.
4. The city hopes to enhance the capabilities of the robotic dogs further to make them even more effective in future emergency and disaster situations.
5. (Responses vary, depending on the student's creativity.)
