

Name _____

Robot Revolution Comedy Club

Short Answer Questions Answers

1. Robo-Comedian 3000's special talent was telling jokes, but it failed to entertain the audience compared to the human comedians, who elicited laughter with their humor and wit.
2. The audience reacted to Sally Stand-Up's performance with laughter and applause. Her success was attributed to her hilarious observations and clever punchlines.
3. The outcome of the comedy showdown highlights that certain human-centric fields, like comedy, rely on the unique qualities of human creativity and connection that technology cannot replicate.
4. Robo-Comedian 3000 couldn't match the humor of human comedians because it lacked the spontaneity, emotion, and understanding of human experiences necessary to create genuine humor.
5. The story suggests that while technology may impact jobs and employment, there are certain qualities, such as creativity and connection, that only humans can bring to certain professions.
