

Name _____

The Artful Legacy of Ancient Rome: From Glorious Sculptures to the Harmonious Tunes of Lucius Cornelius Sulla

Short Answer Key

1. Roman sculpture is known for the "Roman verism" style, which captured individual characteristics and conveyed the wisdom of age. Statues often featured detailed facial expressions and realistic depictions of subjects.
2. The Colosseum is a massive amphitheater in Rome that hosted gladiatorial contests and other public spectacles. It is considered a symbol of Roman extravagance and engineering prowess, showcasing advanced architectural techniques.
3. Lucius Cornelius Sulla was a Roman general and statesman known for his military accomplishments. He was also a skilled musician who played the lyre and composed music, reflecting the artistic spirit of his time.
4. Roman mosaics and frescoes were artistic forms used to adorn floors and walls. Mosaics were made from small pieces of stone or glass, depicting scenes from mythology, daily life, and history. Frescoes were painted on wet plaster and featured vibrant colors, often adorning homes, villas, and public buildings.
5. Terra sigillata pottery in Roman culture served both functional and artistic purposes. It was popular for its glossy finish and elaborate designs, often used for decorative pieces such as ornate vases and figurines.
