The Sacred Supper

In da Vinci's masterpiece, a sacred scene,
"The Last Supper," where history's been,
A table adorned with bread and wine,
Disciples gathered, a moment divine.
Christ at the center, His face serene,
As He shares the cup, the bread unseen,
His disciples in awe, in reverent hush,
In "The Last Supper," a sacred brush.
Judas' betrayal, a shadow of doubt,
As darkness encircles, a treacherous route,
But Christ forgives, His love does shine,
In this historic painting, a moment in time.
The walls are aged, the room is grand,
In this artwork, a message so grand,
The importance of faith, love, and grace,
In "The Last Supper," they find their place.
For centuries, this painting has stood,
A symbol of faith, a source of good,
In da Vinci's art, we still explore,
The sacred message it holds in store.
