Name _____

Safeguarding Our Seas: The Vital Need for Clean Oceans

Short Answer

1. Provide two reasons why oceans are essential for human life.

2. How can pollution in the ocean impact marine ecosystems and species?

3. Explain why polluted oceans can lead to economic challenges for coastal communities.

4. Share your thoughts on one action individuals and communities can take to help keep oceans clean.

5. Why do you think it's vital to prioritize the health of our oceans for future generations?
