## Caring for Health: A Day in the Life of a School Nurse

### Open-Ended Response Questions

1. Imagine you are a School Nurse, and a student with allergies has an allergic reaction during the school day. Describe the steps you would take to provide immediate care and ensure the student's safety.
2. What are some challenges School Nurses might face when dealing with diverse health needs among students, and how can they overcome these challenges?
3. How does the role of a School Nurse contribute to creating a healthy and safe learning environment for all students in a school?
4. Can you think of a real-world scenario where a School Nurse's quick response and expertise had a significant impact on a student's health and well-being? Describe the situation and the School Nurse's role in it.
