## Where Does a Sea Turtle Live?

### Open-Ended Response Questions

1. Why is it important for sea turtles to have access to both ocean and beach habitats?
2. What do you think might happen to sea turtle populations if pollution continues to increase?
3. How do you think long migrations, like those of the leatherback turtle, help them survive?
4. Imagine you are part of a sea turtle conservation team. What steps would you take to protect their habitats?
