

Name _____

Settlers of Catan: A Game of Strategy and Adventure

Short Answer Key

1. Players earn victory points in Settlers of Catan by building settlements and cities, achieving the longest road, attaining the largest army, purchasing development cards, and completing special objectives.
2. Trading is significant in the game as it allows players to negotiate and exchange resources with each other, which can be crucial for obtaining the necessary materials for their strategies.
3. Players collect resources such as grain, wood, ore, brick, and wool, which are used for building roads, settlements, and cities, as well as purchasing development cards.
4. Settlers of Catan was created by Klaus Teuber, who designed the game to create an enjoyable experience for his family and friends.
5. One of the awards that Settlers of Catan has received is the Spiel des Jahres (Game of the Year) award.
