Name _____

Ode to Social Media

Open-Ended Response Questions

1. Why do you think the poet refers to social media as both a friend and a foe?

2. In your opinion, how has social media changed the way people communicate and share their lives compared to traditional methods?

3. Describe a personal experience or example of how filters and hashtags are used on social media. How do they affect the content and its reception?

4. Do you agree with the poem's statement that we "come and go" in the online world of social media? Why or why not?
