

Name _____

Becoming a Social Media Detective

Short Answer Questions Answers

1. The protagonist became a social media detective when they noticed an intriguing post by their friend Sarah about a missing left sock. Their first case was investigating the disappearance of Sarah's left sock.
2. The first clue was a photo in Sarah's social media post that showed her wearing the left sock. The clue was a tiny thread hanging loose from the sock, which sparked the protagonist's investigation.
3. Sarah and her friends solved the mystery by switching to a sock-friendly detergent that did not contain the secret ingredient of sock magnetism, preventing further sock vanishings.
4. The protagonist's reputation as a social media detective grew as they continued to investigate and solve everyday mysteries using social media platforms. They investigated cases ranging from missing TV remotes to vanishing hair ties.
5. Social media platforms served as a valuable tool for the protagonist's detective work by providing clues, connections with witnesses, and a platform to share their findings. Social media enabled them to connect with others experiencing similar mysteries.
