

Name _____

What Does a Squirrel Look Like?

Short Answer Key

1. Squirrel fur is commonly gray, brown, red, or black.
2. A squirrel's tail helps with balance, warmth, and communication.
3. The average squirrel weighs 1 to 1.5 pounds.
4. Sharp claws and strong legs help squirrels climb trees.
5. A chipmunk has stripes along its back, which most other squirrels do not have.
