## The Appearance of a Stink Bug

### Open-Ended Response Questions

1. Describe the role of a stink bug's body shape and color in its survival.
2. How does the stink bug's piercing-sucking mouthpart make it different from other insects?
3. Why do you think some stink bugs have bright patterns or hidden colors under their wings?
4. If stink bugs did not have their strong smell, how might their survival be affected?
