

Name _____

Stronger Together

Open-Ended Response Answer Key

1. Ants accomplish a lot because they divide their work and communicate with each other to stay organized.
2. I worked with classmates on a project, and we finished faster by sharing responsibilities.
3. If each ant worked alone, they might get lost or not reach safety, showing that teamwork makes them stronger.
4. Teamwork helps students complete group projects, athletes win games, and families finish chores more quickly.
