## On Liberty by John Stuart Mill

### Open-Ended Response Questions

1. Discuss a real-life situation where the harm principle, as proposed by John Stuart Mill, could be applied to justify restricting an individual's liberty. Reflect on the ethical considerations involved.
2. Explore the implications of the "tyranny of the majority" in contemporary society, providing examples and discussing potential consequences.
3. Consider the role of education in fostering responsible exercise of individual liberty. How can education contribute to ethical decision-making and a well-informed citizenry?
4. Analyze the ongoing debates surrounding freedom of speech and censorship in the context of Mill's ideas in "On Liberty." How do his principles inform these discussions, and what challenges arise in applying them today?
