Name _____

Shift Happens: Factors that Influence Supply Curve

Short Answer

1. Explain how a decrease in production costs can lead to a rightward shift in the supply curve.

2. What is an example of a government regulation that could cause a leftward shift in the supply curve for a specific product?

3. How might a natural disaster impact the supply of a product and its corresponding supply curve?

4. Describe how an increase in the number of producers can influence the supply curve.
