Name _____

The Supply Sizzle: Unraveling the Law of Supply and Its Role in Production

Open-Ended Response Questions

1. Think about a product that you've seen become more expensive during a particular season. Explain how the Law of Supply might be at play in this situation.

2. Discuss a real-life example of how government regulations or policies have affected the supply of a specific product or service.

3. Imagine you are a producer of handmade crafts. How would you use the Law of Supply to make decisions about pricing and production levels for your crafts?
