The Enchanted Teapot

Open-Ended Response Answer Key

1. The theme of responsibility is evident in Anika's growing sense of duty toward Bombay and its people. Initially, she used the teapot for her own wishes without considering the consequences. However, she later realized the impact of her actions and took responsibility by using the teapot to benefit the community.
2. (Answer may vary) If I had an enchanted teapot like Anika's, I might wish for an end to hunger and poverty in the world. I would use it to ensure that everyone has access to food and a decent standard of living. To avoid negative consequences, I would carefully consider the long-term effects of my wishes.
3. Tea in the story represents the power of Anika's wishes and her connection to the world. It symbolizes the warmth and comfort she brings to others through her actions with the teapot. Tea serves as a conduit for her generosity and her ability to share her wishes.
4. Anika's use of the enchanted teapot benefited Bombay by restoring harmony, abundance, and generosity to the city. She brought positive changes to the community by using the teapot to address the needs of the farmers and the less fortunate, ensuring that the city thrived with compassion and shared blessings.
