

Name _____

Larry Page & Sergey Brin: The Creators of Google

Open-Ended Response Answer Key

1. Google has made it much easier for people to search for information quickly and accurately, helping students, workers, and businesses.
2. We can learn that with hard work, creativity, and teamwork, even a small idea can turn into something huge.
3. I would ask them if they ever imagined Google would become this big, because it started as just a college project.
4. Google may stay popular because it keeps improving, but other companies might create something even better in the future.
