

Name _____

Hedy Lamarr: The Actress Who Helped Invent Wireless Technology

Open-Ended Response Answer Key

1. We can learn that anyone can be an inventor, and hard work can lead to important discoveries.
2. Without Wi-Fi and Bluetooth, people would have a harder time using the internet and connecting devices.
3. I would ask her how she felt when people ignored her invention because I would want to know how she stayed motivated.
4. Yes, because she made a huge impact on technology, and more people should recognize her contributions.
