## Diving into the Diverse World of 3D Printing Technologies

### Open-Ended Response Questions

1. Why do you think there are so many different types of 3D printing technologies?
2. In what industries or fields do you think Electron Beam Melting (EBM) might be particularly useful?
3. Imagine you had access to a 3D printer using one of the technologies mentioned. What is one object you would like to create, and why?
4. How might advancements in 3D printing technologies impact our daily lives in the future?
