

Name _____

How Did the World Come Together to Protect the Ozone Layer?

Open-Ended Response Answer Key

1. Because the ozone problem affected everyone, and countries wanted to protect people, animals, and the environment.
2. It shows that scientists discovered the problem and that people and governments worked together to fix it.
3. Kids can learn that problems can be solved with teamwork, smart choices, and listening to science.
4. They can use less energy, avoid pollution, recycle, and care about how their actions affect the Earth.
