

Name _____

What Can We Learn from the Ozone Crisis?

Open-Ended Response Answer Key

1. It shows that scientists often have the best knowledge about environmental problems and can guide us toward solutions.
2. Because pollution and environmental problems affect the whole planet, and it takes teamwork to solve them.
3. Reduce waste, recycle, use less energy, learn about nature, and tell others to care about the planet too.
4. People worked together before to solve the ozone crisis, so we know it's possible to make big changes when we all care.
