

Name _____

The Coconut Tree

Short Answer Key

1. The lowercase letters decide to climb the coconut tree because they are curious and want to explore.
2. They learn that taking risks can be fun, but sometimes things don't go as planned. However, they can always try again.
3. The uppercase letters help the lowercase letters after they fall, just like parents or teachers help children when they face challenges.
4. Curiosity drives the story forward, as the letters climb the tree to see what will happen next. It encourages learning and discovery.
5. The letters show resilience by getting back up after falling instead of giving up.
