

Name _____

Time Management: The Key to Juggling School, Fun, and Everything in Between

Open-Ended Response Answer Key

1. (Student's response may vary, but it should describe a real-life situation, the strategies used for time management, and the resulting outcome.)
2. (Student's response should include a daily schedule for a busy week, explanations of time allocation, and how the schedule helps manage time effectively.)
3. (Student's response may vary, but it should explain which benefit they consider the most important and provide reasons for their choice.)
4. (Student's response should describe a situation where technology has both helped and hindered time management, how balance was achieved, and any lessons learned from the experience.)
