

Name _____

Time Arrogance

Open-Ended Response Answer Key

1. Some might say Eckels understood his mistake too late, while others may argue he didn't fully grasp the consequences.
2. Students might suggest rules like restricting time travel to observation only or having stricter supervision during trips.
3. Responses could include examples of humans overestimating their control over nature, such as environmental issues or misuse of technology.
4. Students might reflect on the need for respect and care when using technology or interacting with the environment.
