## Transparency and Accountability: The Cornerstones of NGO Operations

### Open-Ended Response Questions

1. In your opinion, which aspect of transparency and accountability do you think is the most challenging for NGOs to implement, and why? Provide reasons to support your answer.
2. Imagine you are the director of an NGO. Describe the steps you would take to ensure that financial transparency and accountability are maintained within your organization.
3. Research and identify an example of an NGO that faced a transparency or accountability issue. Describe the issue, the consequences for the organization, and the steps they took to address it.
4. Discuss the potential benefits of transparency and accountability in NGO operations for donors, beneficiaries, and the organization itself.
