## The Time-Traveling Skateboard

### Short Answer Key

1. Jake's skateboard had ancient symbols etched on its underside, which allowed him to time travel.
2. Jake met a young inventor named Amelia during his time-traveling adventure.
3. A memorable time-traveling adventure they experienced was witnessing the construction of the Eiffel Tower in 1889.
4. Jake and Amelia used the skateboard's power to transport themselves back to safety during a perilous situation.
5. Jake realized that the true power of the Time-Traveling Skateboard wasn't just in traveling through time but in the incredible adventures it had taken him on and the friendships he had forged throughout history.
