

Name _____

The Time-Traveling Skateboard

Open-Ended Response Answer Key

1. Jake decided to embark on the adventure to different historical eras using the Time-Traveling Skateboard because of his passion for skateboarding and his curiosity about history. He wanted to experience the past firsthand and explore the world in a unique way.
2. Jake developed qualities such as adaptability, problem-solving skills, and cultural awareness during his time-traveling adventures.
3. One historical figure they might have encountered could be Albert Einstein and his groundbreaking theory of relativity. They could have been present during one of his famous lectures or experiments, witnessing history in the making.
4. By the end of the story, Jake realized that the true power of the Time-Traveling Skateboard wasn't just about experiencing different eras but in the incredible adventures it had taken him on and the friendships he had forged throughout history.
