## The Unearthly Experiment

### Short Answer Key

1. The creature was a grotesque fusion of lifeless body parts, stitched together with mismatched eyes. It had a monstrous and eerie appearance.
2. Amelia's triumph turned to terror when the creature came to life. She realized her creation was a monstrous abomination.
3. The storm outside the laboratory echoed the intensity and darkness of Amelia's experiment. Its thunderous applause seemed to approve of her audacious endeavor.
4. The ultimate consequence was the unleashed horror of the creature, which threatened humanity. Amelia was haunted by her creation and dedicated her life to finding and stopping it.
5. Themes of the consequences of playing with the forces of life and death, the pursuit of knowledge at any cost, and the burden of one's actions are evident in the story.
