## The Unearthly Experiment

### Open-Ended Response Answer Key

1. Amelia's motivation might have been her intense curiosity, her desire for scientific achievement, and her quest for the power to conquer death.
2. The creature's escape symbolized the uncontrollable and destructive nature of Amelia's experiment. It was a manifestation of the horror unleashed by her reckless pursuit of knowledge.
3. The story conveys the idea that scientists bear a responsibility for the outcomes of their experiments, especially when they tamper with the forces of life and death. It serves as a cautionary tale about the potential dangers of scientific hubris.
4. Amelia's journey could represent her inner struggle to rectify her grave mistake and find redemption. It may also reflect her sense of responsibility and guilt for creating the abomination.
