The Case Against School Uniforms: Let Kids Be Kids!

Short Answer Key

1. School uniforms limit students' ability to express their unique personalities and interests, which is important for fostering individuality.
2. School uniforms can be costly for parents, as they may have to buy multiple sets and maintain them, imposing a financial burden.
3. School uniforms may not prepare students for the real world because most professions do not require uniforms, and they need to adapt to different dress codes and expectations in the future.
4. The passage proposes tackling the root causes of bullying through education and awareness rather than relying solely on uniforms as a solution.
5. Factors that influence academic success, besides school uniforms, include teaching quality, curriculum, and student engagement.
