

Name _____

The Case of the Vanishing Socks

Short Answer Questions Answers

1. The residents of Sockington were initially puzzled and baffled by the mysterious sock disappearances. Some believed in supernatural explanations, while others suspected foul play.
2. Amelia conducted interviews, examined laundry rooms, staked out clotheslines, and used a decoy laundry line to solve the case. She also observed the crows stealing socks and devised a plan to outsmart them.
3. The crows had developed a fascination for brightly colored socks and were swooping down to snatch them from clotheslines. Amelia outsmarted them by setting up a decoy laundry line with old socks to distract them.
4. "The Case of the Vanishing Socks" highlights the theme of problem-solving and determination. Amelia's unwavering determination and creative problem-solving ultimately led to the resolution of the mystery, demonstrating the value of persistence in solving challenges.
5. The story used humor and creativity by introducing the concept of sock gnomes and the crows' peculiar fascination with socks. These humorous elements added charm and entertainment value to the narrative.
