## The Road to Pollution: Understanding Vehicular Emissions

### Open-Ended Response Questions

1. Describe carbon monoxide and explain how it is produced by vehicles.
2. Discuss the harmful effects of nitrogen oxides emitted by vehicles on human health and the environment.
3. What are volatile organic compounds (VOCs), and how do vehicles emit them into the air?
4. How can investing in cleaner transportation options contribute to reducing vehicular emissions, and why is it important?
