

Name _____

Veterinarians: Caring for Our Furry Friends

Short Answer

1. Provide an example of a situation where a veterinarian might perform surgery on an animal.
2. How do veterinarians contribute to food safety in the community?
3. Explain the importance of preventive care for animals and how veterinarians promote it.
4. Describe a community involvement initiative that a veterinarian might participate in.
5. Share an example of how veterinarians' research can benefit both animal and human health.
