

Name _____

A Day at the Futuristic Virtual School

Short Answer

1. How did the virtual school make learning more immersive and interactive for students?
2. Describe the appearance of the virtual school's building and what students encountered as they entered.
3. What subjects and topics did students study during virtual field trips, and why were they considered exciting?
4. How did the virtual school encourage social interaction among students despite the virtual setting?
5. Explain the concept of customizable learning in the virtual school and why it was important for students.
