

Name _____

The Laughing Virus Outbreak

Open-Ended Response Questions

1. Imagine you were a student at Ridgeville Middle School during the laughing virus outbreak. Describe a funny moment that occurred during that day and how it made you feel.
2. Mrs. Ramirez provided "Laughing Passes" to students affected by the virus. How do you think this gesture helped students, and why is it important to have moments of laughter and relaxation during the school day?
3. If you were the principal, Mr. Thompson, what jokes or activities would you have shared with the students over the intercom to add to the atmosphere of laughter during the outbreak?
4. Reflect on the lesson learned by the students in the story. Why do you think humor and laughter can be powerful tools for building friendships and creating a positive school environment? How can laughter benefit both students and teachers in a school setting?
