

Name _____

The Laughing Virus Outbreak

Short Answer Key

1. The laughing virus caused students to laugh uncontrollably, disrupting classes and turning the school day into a comedy show. The students' reaction was one of amusement and joy.
2. Mrs. Ramirez helped students affected by the laughing virus by providing "Laughing Passes," which allowed them to take a break from class and compose themselves. This gesture helped students relax and regain their composure, preventing excessive disruption.
3. Mr. Thompson contributed to the atmosphere of laughter during the outbreak by telling jokes on the intercom, which added to the students' laughter and enjoyment.
4. During the laughing virus outbreak, the drama club's practice turned into a comedy with lots of laughter. They gave a humorous performance filled with mishaps and funny moments.
5. The students of Ridgeville Middle School learned that humor and laughter can bring people together, bridge gaps, and create a positive school environment. They realized that unexpected moments of joy and laughter can transform even the most ordinary school day.
