## Voices of the Revolution

### Open-Ended Response Answer Key

1. Answers will vary, but students should consider whether the British or the Patriots offered a better future for Native Americans.
2. Many women proved they were just as capable as men, so some people believe they should have gained more rights after the war.
3. If slavery had ended, the U.S. might have avoided the Civil War, and more people would have been free earlier.
4. The Revolution teaches us that different groups experience war in different ways and that true freedom should include everyone.
