

Name _____

Wagging Tails, Happy Hearts: Understanding and Addressing Dog Behavioral Problems

Short Answer Key

1. One common cause of leash pulling in dogs is excitement or a desire to explore.
2. Aggression in dogs can be addressed through training and behavior modification techniques.
3. One way to prevent destructive chewing in dogs is to provide plenty of chew toys and bones.
4. You can gradually desensitize a dog to being alone by practicing short departures and gradually increasing the time spent apart.
5. It's important to approach behavioral problems in dogs with patience because it takes time and consistency to modify behavior effectively.
