## The Time-Traveling Watch

### Short Answer Key

1. When Emma and Liam touched the pocket watch, they were transported to the past and found themselves in the Chrono Museum, a place where history came to life.
2. Emma and Liam interacted with historical figures by witnessing historical events and engaging in conversations or activities with people from the past. They played a role in ensuring that pivotal moments in history unfolded correctly.
3. Understanding the people, cultures, and challenges of each historical era was crucial because it allowed Emma and Liam to make informed decisions and take actions that preserved the integrity of history. It helped them appreciate the context in which historical events occurred.
4. The Temporal Meddler was a rogue time traveler who sought to alter history for personal gain. Their motives were to change historical events in a way that benefited them or advanced their interests, even if it disrupted the course of history.
5. Emma and Liam's perspective on history changed as they gained a deeper understanding and appreciation of historical events and cultures through their time-traveling adventure, and they continued to explore and share their passion for history with others.
