## School Days: Lessons We Need to Learn

### Open-Ended Response Questions

1. How do you feel about the critique of the education system in the poem? Do you agree or disagree? Why?
2. Can you provide an example of a time when you felt that the education system prioritized grades over true learning?
3. What changes do you think should be made in the education system to address the issues raised in the poem?
4. How can teachers, parents, and students work together to create a more nurturing and individualized education system?
