## The Adventure of Learning: Why Do We Have to Go to School?

### Short Answer Key

1. Possible answers: teamwork, communication, conflict resolution.
2. School encourages creativity and self-expression through activities such as art, music, drama, and creative writing.
3. Responsibility is an important life skill learned in school because it teaches students to complete assignments, meet deadlines, and balance their activities effectively.
4. Example: Critical thinking skills might be useful when evaluating information in the news to determine its accuracy and reliability.
5. School prepares students to be responsible citizens by teaching them about their rights and responsibilities, the importance of civic engagement, and how to contribute to their communities.
