

Name _____

The Future Sled Racers

Short Answer Key

1. The Frost Fury sled had sleek curves, anti-gravity thrusters, and a holographic control panel, making it well-equipped for racing.
2. Team Snowstorm prepared for the winter racing league by training tirelessly, practicing jumps, turns, and racing in blizzards, and mastering the capabilities of their sled.
3. Team Snowstorm faced challenges such as navigating tight corners, executing flips, and racing in blizzards, as well as competition from other racers with impressive sleds.
4. The final lap was intense, with Team Snowstorm and their rivals neck and neck, and the finish was heart-pounding.
