

Name _____

Wonka's Wonders

Short Answer Key

1. Wonka's creativity makes his factory special because it is filled with magical inventions, like a chocolate river and gum that tastes like a whole meal.
2. Wonka tries to teach the children that kindness, patience, and imagination are more important than greed or selfishness.
3. Charlie is different from the other children because he is humble, kind, and grateful for the experience, while the others are greedy or rude.
4. The Oompa Loompas work happily because they enjoy creating new and exciting candy and are treated well by Wonka.
5. One example of Wonka's creative inventions is the television chocolate, which allows a candy bar to be transported through a screen.
