Capture the Perfect Shot: Choosing Your Camera

Open-Ended Response Questions

1. Describe the differences between point-and-shoot, mirrorless, and DSLR cameras.
2. Explain why lens choice is important in photography, and provide an example of a situation where a specific type of lens would be ideal.
3. Imagine you are interested in photographing your family's outdoor adventures. What type of camera would you choose, and why?
4. Suppose you are on a tight budget but still want a camera for your photography hobby. What factors would you consider when making your choice, and how would you prioritize them?
