

Name _____

Mad Scientist Mayhem

Open Ended Questions Answers

1. Professor Hubble likely organized the mad scientist carnival to share his love for science and creativity with the townsfolk, as well as to surprise and entertain them. His motivation was to bring joy and laughter to the community.
2. Answers may vary. Some students might prefer the potato cannon booth because it sounds exciting, while others might choose the petting zoo with mutant animals because it's unique and unusual.
3. The townsfolk's attitude toward Professor Hubble changed from initial surprise to embracing the fun and chaos he brought to their lives. They appreciated his creativity and willingness to make them laugh.
4. The townsfolk likely helped Professor Hubble fix the malfunctioning invention because they saw that he didn't intend to harm anyone, and they valued his contribution to the community. This shows a sense of camaraderie and understanding between them.
