

Name _____

Public vs. Private Schools: Exploring the Differences in Education

Short Answer

1. Explain how public schools are funded and who has access to them.
2. What is the main source of funding for private schools, and how does this differ from public schools?
3. Describe the selectivity process for admission into private schools and why it exists.
4. How does the flexibility in curriculum differ between public and private schools?
5. Provide an example of a specialized extracurricular program that a private school might offer.
