## Public vs. Private Schools: Exploring the Differences in Education

### Open-Ended Response Questions

1. Compare and contrast the advantages and disadvantages of public and private schools, considering factors such as accessibility, class sizes, and teacher qualifications.
2. In your opinion, which type of school—public or private—provides a better educational experience, and why? Consider your own educational goals and preferences in your response.
3. Discuss the impact of smaller class sizes in private schools on student learning and teacher-student relationships. How might this differ from the experience in larger public school classes?
4. Explain why teacher qualifications can vary between public and private schools and how this may affect the quality of education in each setting. Provide examples to support your answer.
