## Public vs. Private Schools: Exploring the Differences in Education

### Multiple Choice Answer Key

1. c) Government funding and accessibility to all students in a specific district
2. c) Primarily through taxes paid by residents in the district
3. c) More individualized attention for students
4. a) Public school teachers are required to have state-certified teaching credentials, while private school teachers are not.
5. c) Both offer extracurricular activities, but the availability and structure may differ.
